

To Our Locust Valley Community:

WE ARE OPEN!

However, in light of the current climate, and in order to keep you and our staff safe, we have instituted a new, temporary protocol to see patients, and to dispense food and medication refills.

If you have an appointment scheduled at our office, please call us from your car when you have arrived. We will send an attendant out to bring your pet into our office. PLEASE HAVE YOUR PET(S) SECURED BY A LEASH OR IN A CRATE. The doctor will call you immediately, in order to conduct their exam – any treatment, diagnostic work, and details of payment will be discussed with you, for your consent. We will take payment information over the phone. When the exam is concluded, we will bring your pet back to your car, along with any medications they may need, and your invoice/receipt if you want one.

PLEASE CALL: 516.676.6161

Thank you for your patience and understanding during this stressful time.
